Dear Eric:

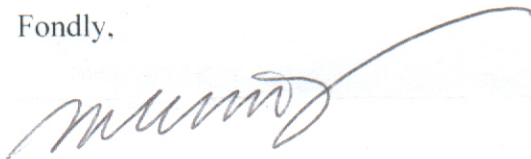

I cannot thank you enough for helping us to find our new space. Your outstanding knowledge of the marketplace made our search easy and pleasant.

Your level of professionalism is unmatched. It is always a pleasure to work with someone in any specialty who has the knowledge base and command of his specialty, <sup>that</sup> as you do. From the original hunt for a new space through the negotiation process and the finalizing of our move, you have been enormously supportive, and your guidance and advice was invaluable.

I have recommended you to several colleagues and will continue to do so with great enthusiasm. When our lease at our downtown office is up, I will be calling you for renegotiation and/or another move.

It has been a real pleasure, and I wish you all the best.

Fondly,

Meg A. Lemon, MD
