Dear Eric,

I'd like to thank you for the excellent service you have provided to Xtensible Solutions not only during our initial efforts to locate an office but also during our recent relocation.

Your firsthand knowledge of the commercial real estate market and deep knowledge of lease negotiations helped us quickly identify candidate locations for our office. Without your guidance, the process would not only have taken much longer but we would not have had the insight to understand the best position to take when negotiating lease terms in the local market. With your guidance it was much easier to feel confident that we had arrived at the best solution for our needs.

In the recent relocation forced by new building owners, your services proved invaluable not only in freeing up the time I would have had to deal with the building owner's constantly changing requirements but once again in seeing that Xtensible got the most favorable terms possible.

Your attention to detail and your demonstrated effort to best represent our interest in all negotiations is greatly appreciated. I will use your service again when the opportunity arises and will continue to recommend you to colleagues.

Best regards,

Dan Martin
COO
