Dear George:

This letter of appreciation is a little late. But nevertheless the service you brought to me in finding this office seems to have grown in value since last December.

The setting, location, size, price, all fit so well into my work and I am thankful for it most every day.

The process of working with you to find and select this suite was very comfortable and relaxed and the indications you gave to me from the very beginning about time from start to closing and moving in were quite accurate. In fact there was a great deal I learned from your advice and guidance about the office rental market and its workings. And I felt quite confident in your service all along the way.

If you ever need a potential client to call and ask me as a positive reference, please feel free to do so.

Sincerely,

A handwritten signature in black ink that reads "Greg". The signature is written in a cursive, flowing style.
