

April 14, 2012

Dear Eric,

Please accept my sincere appreciation for the outstanding work you did in helping us complete our most recent real estate transaction for 10800 Bethany.

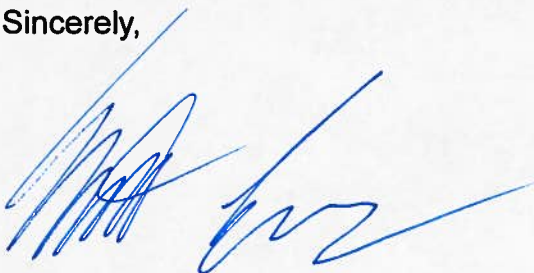

It has been a true pleasure working with someone up close and personal who has mastered their craft. From the situational analysis on the buy vs. lease trade off's, the market analysis, to the properties reviewed, to the selection process, and then the offer and negotiation process, I can honestly say that in every situation during this process, you were the sharpest and most prepared individual in the room. You always answered my questions based on facts and put yourself in my shoes to ensure what was best for me and our company.

I have completed many real estate transactions and have never been as satisfied with my representation as I have been with you. You are a Rock Star.

I look forward to completing future transactions with your assistance.

Please feel free to use me as a reference. It would be my pleasure to describe my experience in working with you.

Sincerely,

Matt Laws
President/CEO
Wakefield & Associates, Inc.
