

12/23/11

Eric, George, Julie, and team,  
I wanted to send a quick note to express our extreme gratitude for your relentless support of me and CCS in our pursuit of a buyer for our building. We found ourselves in a very unique situation and you and your team helped guide us through this very stressful process. Further, I never had to wait long to get my many, many questions answered. We wish you all the happiest of holidays.

Many, many, thanks,
