**SUBJECT: LETTER OF RECOMMENDATION**

Dear Eric:

I've enjoyed working with you and Dan Arizumi over the last three years in conjunction with the leasing efforts at the Parker Park building. I found you both to be extremely diligent in pursuing every leasing lead. You were always available to show the space and respond in a timely manner to both the tenants and myself. We experienced success in leasing the building during one of the worst economic downturns in the Country's history.

I want to thank you both for your efforts. I highly recommend your firm for your professionalism and market expertise to anyone that is in need of your services.

Sincerely,  
HASELDEN CONSTRUCTION, LLC
